A DEVELOPING LEGACY

"Raising Our Children" an opportunity to give our sons and daughters the chance to learn, a safe place to play, and the opportunity to prepare for their futures.

I'd like to introduce you to one of our future stars. Angeline Zoegbo is 12 years old and has never had an opportunity to go to school. She is the oldest of six children, and both of her parents are unemployed.

Even through these obstacles, Angeline still smiles every time she shares her hope of becoming an Oprah Winfrey to her community and hopefully the world.

With the help of our Legacy Partners, Angeline is receiving an education that will give her the tools she needs to realize her dreams and leave an even larger legacy. She is not alone. We currently support 75 children who all share a story like hers. Would YOU be willing to partner in building and maintaining these legacies
